Opt Out form for the care.data scheme

This opt out form indicates my decisions about sharing my information, as described in the leaflet “Better Information means Better Care”, and under the national scheme known as “care.data”.

These decisions relate to the care.data scheme only.

Please ensure that my GP record is coded in accordance with my instructions below (please tick the appropriate box/boxes):

Please prevent my Personal Confidential Data being sent from my GP practice to the Health and Social Care Information Centre and add ‘dissent from secondary use of GP identifiable data’ (code 9Nu0) onto my medical record.

Please prevent my Patient Confidential Data gathered from **any** health and social care setting from leaving the Health and Social Care Information Centre and add ‘dissent from disclosure of personal confidential data by Health and Social Care Information Centre’ (code 9Nu4) onto my medical record.

I understand that I may change my mind at any time and that I will inform you if I subsequently decide to opt back into this system.
